

Premier Acoustic Product Datasheet

Model: DMG9016

Description

Free standing digital message generator.

- 16 message capacity
- Messages are split into two groups with individual outputs, enabling the user to broadcast 2 messages simultaneously
- A combined output is also available for single message broadcasts only
- Total recording capacity is 240 seconds
- User defined message length (up to maximum capacity)
- Microphone input with phantom power supply
- Built in monitor speaker
- Messages can be activated by push buttons on the front or by using an external remote keypad (not supplied)
- Messages can be preceded by a two or three tone chime
- Programming operations are protected by a user definable pin code
- AC or DC power options

Specification

Model Number:	DMG9016
Number of messages	5.5W
Max. recording time (seconds)	120 +120
Message retention time (with no power supply)	100 years (typical)
Mic input impedance	10k Ω
Phanton power supply	12V
Aux input impedance	0 - 300mV
Signal to noise ratio	45dBA
Passband of recorded messages ± 3 dB	100 – 3400Hz
Mixed output impedance	0 – 600 mV / 100 Ω
Output group A and group B	0 – 900mV / 100 Ω
Power supply	230V AC / 24V DC
Dimensions (W x H x D) mm	410 x 50 x 230
Weight kg	3
