

Premier Acoustic Product Datasheet

Model: PM660D

Description

Desk-top type dynamic microphone with cardioid polar pattern

Short-off press-to-talk switch with open 'off' type extra switch contact.

Low handling noise.

600 ohms balanced output impedance

2.5m 4-conductor (included twin-core shielded) cable with 5-pin DIN plug.

Specification

Type:	Desktop dynamic moving coil microphone
Directional Characteristics	Uni-directional
Frequency Response	100Hz - 10 kHz
Impedance	600 Ω , balanced
Terminal of Cable	5 pin DIN plug – other connector on request
Connection Cable	2-core shielded plus 2-core cable
Cable Length	2.5m
Talk Switch	PTT type (short-off circuit with lock lever)
Sensitivity	-58dB (1kHz 0dB = 1V/pa)
Dimensions (W x H x D)	100 x 215 x 150mm
Weight (inc. packaging)	440g
Material	Head; Zinc plated, Grey Body; ABS resin.
